

THE FLORENCE TRIBUNE

PUBLISHED EVERY SATURDAY.
FLORENCE, ARIZONA, JULY 21, 1897.

C. W. Tillman returned to Globe this week.

Sidney Bartleson went out to his cow ranch Thursday.

Prof. G. D. Ostrom has been appointed principal of the Yuma schools.

Recorder Chamberlin leaves Sunday for an outing in the Santa Catalinas.

Miss Annie Whitlow and Mr. J. R. Arthur drove over to Mesa Thursday.

Miss Maude Brown, of Phoenix, is visiting her sister, Mrs. Chas. O. Carpenter.

The Tempe News says last Tuesday night was the hottest ever experienced at that place.

Druggist Hitehook passed through Florence Thursday on his way to his home in Globe.

J. S. Sniffen, ex-District Attorney of Gila county, came in on yesterday's stage from Globe.

The family of Hon. P. R. Brady will go into the Catalina mountains next week for an outing.

Sheriff Truman went over to Phoenix Tuesday with a crazy man named B. F. Raftery, booked for the asylum.

Mounted Inspector Henry Brady, who has headquarters at Lochiel, is here visiting his father's family.

E. P. Higgins and D. J. Bensley, employees at the Sacaton Indian agency, came up from that place Thursday.

Jesse and James Brown have opened up quite a large body of rich copper rock in a mine near the Henry strike.

A. F. Barker having purchased the Devine residence moved his family into the same on Wednesday of this week.

J. D. Thomas left Thursday for Santa Monica for the benefit of his health, which has been ailing for some time past.

C. C. Hockett has purchased the Florence and Mesa stage line and now controls the through line from Globe to Salt River.

Since W. S. Sutherland took charge of the Occidental Hotel in Tucson it has become a popular place for Pinal county people.

The young child of Mr. and Mrs. Chas. O. Carpenter is lying very ill. The father was telegraphed for and arrived from Globe last Sunday.

M. J. Nugent, after his relief from official duty as superintendent of the Territorial prison, will take charge of the S. P. R. R. hotel at Yuma.

J. D. Thomas has purchased the ruins of the old life store, on Main street, which it is said he will turn into a lively stable, after being rebuilt.

M. L. P. Gould, a cousin of Jay Gould, died in Nogales the other day from alcoholism. His remains were taken east by Chas. J. Wimple.

M. D. Wickersham, formerly a clerk in the Tombstone post office, was recently appointed U. S. Attorney for the Southern District of Alabama.

Rev. I. T. Whittemore left Tuesday for Prescott and Big Bug. At the latter place he expects to establish a mission of the Presbyterian church.

Marshall Brockway celebrated his second birthday last Monday and a number of his young friends called and made the occasion a very pleasant one.

Mrs. Davis and three daughters, from San Bernardino, Cal., passed through Florence Thursday for the Whitlow ranch, where they will spend the summer.

Constable John Westfall, of Casa Grande, was in town several days this week. His brother George starts soon for Clondyke, and John will join him in the spring.

MAILED—In Florence, July 28, 1897, by Probate Judge L. C. Herr, Mr. Castimiro Arvizu and Miss Maria Villanueva. The TRIBUNE extends best wishes to the newly wedded pair.

M. M. Hickey, J. H. Hopkins and Charley Foreman were out on a prospecting trip this week, and brought in some rich rock which they discovered near the Ripsey mine.

Ed. S. Gill, formerly editor of the Republican, but who has been connected with Eastern papers for the past four years, has been appointed Clerk of the Court by Chief Justice Truesdale.

D. C. Stevens, it is said, will receive the appointment of Clerk of the U. S. and District Court from Judge Doan, which will give general satisfaction, as there is no more popular man in the community.

On Wednesday last Mrs. Emma T. Thomas celebrated her 65th birthday at her residence in the Western Addition, and a number of friends were charmingly entertained at dinner in honor of the occasion.

The United States Court.

(From the Los Angeles Times.)

A triangular fight is on in the Second Judicial District between the towns of Florence, Solomonville and Globe for the honors and emoluments of the United States Court for the district. Solomonville is the seat of the present court. Whether the United States Court was removed there from Florence a year ago out of pique, as has been charged, or not, it is a fact that just prior to the removal the Court Commissioner at Florence practically upset Judge Ronse's plans pertaining to the prisoners arrested in connection with the notorious Florence canal case, and Judge Ronse ordered the removal to Solomonville. The novel spectacle is now presented of each town claiming its own county is the worst and violates the Federal law the oftenest, and makes the most United States cases. Solomonville claims the most cases for a year past, Florence the most at the last court, and Globe that the Indian agency, twenty-eight miles away, is the source of most of the cases, wherefore Globe should be recognized. Solomonville has a railroad connection, but a shell of a jail; Globe is a very inaccessible, owing to a hard stage trip from either of the other counties, but has a good jail and probably the most criminal cases. Florence is twenty miles from the railroad, but has the largest courthouse and the most secure jail. Furthermore, the town is the home of Judge Doan, the McKinley appointee to the judgeship, which in itself goes a good ways in such a matter. It now looks as though Florence would get the plum.

Miss Birdie Hardwick returned Wednesday from Prescott, where she had been in attendance as delegate to the Grand Lodge of Good Templars from Florence Lodge No. 9. She was elected Grand Deputy Marshal.

Judge E. J. Edwards passed through town Monday on his way from Globe to Phoenix. He has just been appointed District Attorney of Gila county, vice J. S. Sniffen, resigned. It is said the latter will return to Florence.

Last Monday a number of friends of Walter Bailey gave him a pleasant surprise at the residence of his sister, Miss Mollie Long, being in honor of his sixteenth birthday. The evening was delightfully spent with conversation, refreshments and dancing, the music being furnished by Prof. Olivas' orchestra.

Tom Flanagan, who came within an ace of being disgraced by being elected to the Tin-horn Legislature from Maricopa county, has been in Florence several days this week. He has been retained as attorney for J. E. C. now in jail on a charge of murder. He is a bright young attorney and will make his mark.

The entertainment given at Goldfield in honor of Mr. Stevens, the rescued miner, and the brave men who liberated him, resulted in a most enjoyable time to the participants, and a subscription paper circulated at that time netted \$30 for Mr. Stevens, which was handed to that gentleman, and he left a few days ago for a visit to his family in Denver.

Meeting of the Society of Christian Endeavor Sunday evening at 7:30, led by Mrs. F. M. Doan; subject, "Practical Religion," based upon extracts from 1 Kings, 7, 13 to 14; Acts 18, 1 to 4, and Mark 9, 1 to 3. The Endeavorers would be pleased to hear from any one not a member of the Society any suggestions as to what is considered practical Christianity.

The examination of Charles Colbath and Joseph Chrain, charged with having stolen \$1000 from an express package on July 9, from the Geronimo and Globe stage, was held before Justice of the Peace Temple in Globe last Friday and Saturday. The hearing was interrupted on Friday afternoon by the withdrawal from the case of District Attorney J. S. Sniffen, who took exception to the ruling of the magistrate. The Board of Supervisors thereupon employed Geo. J. Stoneman to prosecute the case, and by consent of P. T. Robertson, attorney for the defendants, adjournment was taken until Saturday afternoon at 2:30 o'clock to allow Mr. Stoneman to familiarize himself with the law and the facts in the case. The prisoners were bound over to appear before the grand jury in the sum of \$1000 each.

Change of District Attorneys.

(From the Globe Silver Belt.)

On Friday last J. S. Sniffen handed in his resignation as District Attorney to the Board of Supervisors, which they accepted, and on Tuesday appointed E. J. Edwards to the position, to fill out the unexpired term, till January 1, 1899.

There were three applicants for the appointment. Geo. J. Stoneman was first in the field and secured a fine endorsement. There were about fifty names on P. T. Robertson's petition, representing a large amount of taxable property. Mr. Edwards' petition was less formidable in names and represented more wealth than either of the other petitions.

There were present at the meeting of the Board when the question of the appointment was taken up, Chairman Chas. T. Martin and Supervisor David Devore, Supervisor B. F. Pascoe being absent from town.

The chairman, more as a matter of form, read the petitions and then asked Mr. Devore how he voted, who declared himself for E. J. Edwards. The chairman then said to the clerk, "Read my vote the same."—The prearranged agreement had been carried out and E. J. Edwards was the legally chosen District Attorney of Gila county, to be clothed with all the powers and imbued with all the emoluments of this great office.

Unique Law.

A new law in regard to marriage, which went into effect in New Jersey on the 1st inst., will certainly not be gratifying to prospective grooms and brides who, while not residents in that State, may have their reasons for wishing to be married in it. In brief, the groom in the presence of the county clerk must give to the bride all information concerning his business, and the bride must tell the bridegroom all about herself, while both must answer nine questions and produce witnesses to answer ten more questions. These relate to the antecedents of the parties, the length of their courtship, whether engagement is public; how long has it continued; whether either has ever been married before, and if so what has become of the previous spouse, etc. Until all these questions are answered under oath and verified by witnesses, no license will be issued. The purpose of the law appears to be to prevent irregular marriages.

Sheriff Truman returned from Phoenix last evening and brought the news that A. F. Sherman, of the Mesa Free Press, had been appointed Superintendent of Public Instruction and J. A. Kurie, citizen member of the Board of Control. Both excellent appointments.

Tom Bailey arrived in the city this morning from Mineral Creek, Pinal county, where he is working some lead mines. He says he has large bodies of the mineral and work is being done on a substantial business basis. (Tucson Citizen.)

A letter was received in Phoenix this week from W. H. Buck, who sailed for Honolulu a month ago. He and Charlie Mason, formerly of Florence, have established a collecting agency in the Hawaiian capital and are said to be doing well.

The Southwestern Stockman states that \$70,836 head of cattle were shipped out of Arizona in 1896, and 24,007 killed at home for home consumption during the same period. The value of the cattle shipments of 1896 is placed at \$2,820,000.

A searching party has left Mesa in quest of Gordon Hunsacker, who left his home a month ago on a trip across the desert and nothing has been heard from him since. It is feared that he was lost and perished from thirst. (Phoenix Gazette.)

The Bulletin nominates Horace E. Dunlap, of the Arizona Range News, for secretary of the Live Stock Sanitary Board. Mr. Dunlap is eminently qualified for the position and he is a man who would meet the approval of cattle men everywhere.

The town of Casa Grande lost several citizens yesterday, a party having been formed to go to the Alaska gold fields. Among the number were George Westfall, Ed. Drew, Wm. Stiles, Rob Hughes and John Dolan. The party left last night for San Francisco, from which place they will take the first steamer for the north. They intend traveling overland from Juneau to Dawson City, hauling their effects and provisions. (Phoenix Gazette.)

A cattle owner of Globe who had been trying for over a month to get a reply from the Live Stock Sanitary Board in reference to strays sold and advertised, finally sent his claim to a resident of Phoenix who appeared in person at the office of the Secretary and demanded payment. The Secretary having no excuse for further delay, sent a blank to the claimant to fill out and promises upon its return to promptly remit the amount due. We are pleased to learn that the arduous duties devolving upon the Secretary are for the time being so far lightened that he can find time to occasionally consider the claims of stockmen against the Board for strays. (Silver Belt.)

PURELY VEGETABLE.

The Clondest, Finest and Best Family Medicine in the world. An EFFECTUAL SPECIFIC for all diseases of the Liver, Stomach, Regulate the Liver and prevent CHILLS and FEVER, MALARIA, BILIOUSNESS, DYSPEPSIA, COLIC, JAUNDICE AND NAUSEA.

BAD BREATH!

Nothing is so unpleasant, nothing so common, as bad breath; and in nearly every case it comes from the stomach, and can be so easily corrected if you will take Simmons' Liver Regulator. Do not neglect so sure a remedy for this repulsive disorder. It will also improve your appetite, complexion and general health.

PILES!

How many suffer torture day after day, making life a burden and robbing existence of all pleasure, owing to the secret suffering from Piles. Yet relief is ready to the hand of almost any one who will use systematically Simmons' Liver Regulator. It does not merely cure, but it cures the cause, and prevents a return.

CONSTIPATION

SHOULD not be regarded as a trifling ailment—in fact, nature demands the utmost regularity of the bowels, and any deviation from this demand runs the way often to serious danger. It is quite as necessary to remove impure accumulations from the bowels as it is to eat or sleep, and no health can be expected where a constipated body prevails.

SICK HEADACHE!

This distressing affliction occurs most frequently in the stomach, arising from the impurely digested contents, causing a severe pain in the head, accompanied with disagreeable nausea, and the condition what is popularly known as Sick Headache, for the relief of which take Simmons' Liver Regulator as a guarantee.

A Splendid Machine.

The following letter is published without comment; none is needed:

CHAPARRAL, Ariz., June 7, 1897.
Weber Gas & Gasoline Co:
Kansas City, Mo.,

Gentlemen—The 10 H. P. Geared Hoist you sent us has been in constant use since May 23rd, and is doing everything guaranteed by you with perfect satisfaction. Besides hoisting the ore and waste from the shaft with three 8-hour shifts sinking, it is kept very busy hoisting water, and has never been cooled off since we put it up and started it going. We were then 53 feet deep, and we are now 108 feet.

It will consume about 10 gallons every 24 hours of 65 degree gasoline, but I think when we can procure the 74 degree gasoline the consumption of fuel will be less. The engine hoists the loaded bucket with two men on top with apparent ease, starting loaded as easy as any engine can possibly do. I consider the Hoist a complete success, and should I again have one for another engine this would be my choice.

Respectfully yours,

H. B. HATRA.

P. S.—This engine was put up and started and has been running without having seen a gasoline engine in operation before. Neither of the parties now running the Hoist had ever had any experience with gasoline, and neither are professional mechanics.

A Newspaper's Enemies.

(From the Press and Printer.)
A newspaper without enemies is scarcely deserving of friends. The vicious and lawless never like a bold and fearless newspaper, and every self-respecting publisher should be proud of his enemies. First and foremost is the man who owes a newspaper an honest debt, and will not pay it. Then there is the ambitious mortal who wants an office and complains because the newspaper can not consistently champion his cause; he is quite likely to become an enemy. The man who wants to shape the policy of the paper and is not allowed to do so, is surely an enemy. But the meanest enemy of all is a man whom a newspaper has befriended, and who deliberately condemns the sheet after securing from it all the assistance he possibly can. The newspaper can to some extent respect an open and avowed enemy, but an ingrate under any circumstances is beneath contempt.

An experienced Alaskan miner gives this bit of sensible advice to those contemplating a rush into the gold fields of that region: "Now, a word to all these people who are getting ready to rush off to Alaska just now. The man who starts from here on the 1st of March, 1898, will be as far advanced on the 1st of April, 1898, so far as the Clondyke diggings are concerned, as the man who starts to-day. And the man who starts next March will live here for \$30 a month in comfort during the winter, while the man who starts for Alaska now will pay \$5 a day for poor grub, have no chance to earn a cent, suffer from cold and storms, and next April be ready to work for the man who waits until next March to start."

Two Armies—the Regular and Irregular. To which would you prefer to belong? The regular, undoubtedly. The irregulars are, admittedly, the most numerous, but they are in a very undesirable state of no-discipline. Hostetter's Stomach Bitters will soon remedy this want in a disordered liver or bowels. Bilelessness manifests itself in yellowness of the skin and eyeballs, sour breath, furred tongue, morning nausea, discomfort in the vicinity of the liver, vertigo and sick headache. Hosts of people suffer thus. These signs of inordination to the governance of health, together with an irregular condition of the bowels, are soon regulated by the Bitters, which also overcomes malaria, dyspepsia, rheumatism, neuralgia, nervousness and kidney trouble. As a means of checking premature decay, hastening convalescence, and mitigating the infirmities of age, the great tonic is without a parallel.

Hotel Razona, Los Angeles, 50c up.

Do You Puncture Your Tires?

Save repair bills and all trouble by riding CHASE TOUGH TREAD TIRES. Resist punctures perfectly, and are as resilient as any other road tires made.

Chase Tires Repaired Free of Charge During 1897,

If delivered at our store. If your dealer hasn't them in stock we will deliver to you express paid if cash accompanies the order. Price per pair, with pump and repair outfit: 30 inch, \$13; 28 inch, \$12; 26 inch, \$10; 24 inch, \$9.

Morgan & Wright tires, \$6.50 per pair; Palmers, \$8.50; Hartfords, \$5; Diamonds, \$7.50.

Bicycles, Typewriters and Photo Stock.

Prof. Brown returned this morning from a visit to the Grand canyon and will at once make an active canvass for the office of Superintendent of Public Instruction, which he is confident he will secure. (Phoenix Herald, 20th.)

Parties from Mammoth give encouraging reports. The Mohawh has developed unlimited ore bodies and they are saving the gold. They could have done that long ago with intelligent and experienced management. (Tucson Star.)

A steam threshing machine from Mesa, which is a road motor as well, is doing considerable work in this valley at the present time. When it passed down Main street Wednesday many thought it a long-looked-for railroad train.

The safety of Gordon Hunsacker was assured by the receipt of a telegram at Mesa last evening, saying that he was safe and sound at El Plomo, a Sonora mining camp, about twenty miles below the line, almost directly south of Tucson. (Tempe News, 20th.)

A railroad from Bisbee to Nacozari, in old Mexico, is assured in the near future. Although this road will be constructed by the Copper Queen company, with the main object of facilitating the working of their recently acquired copper properties in Sonora, it will nevertheless greatly aid in the development of the country along its line and give a great impetus to general trade and travel between the two republics.

A man named Rouse married a woman named Nixon in Missouri a year or more ago, and now the wife is bringing suit for a divorce. She alleges that it was bad enough to have the papers announce the wedding as the Nixon-Rouse nuptials, but it is more than she can bear when her husband insists upon naming her son Nixon A. Rouse. The wife will probably have the sympathy of every mother in Missouri.

The following are the members of the new House Committee on Territories: W. S. Knox, Massachusetts; P. B. Low, New York; Case Broderick, Kansas; Laren Fletcher, Minnesota; M. Griffin, Wisconsin; W. T. Foote, Jr., New York; J. A. Hemenway, Indiana; W. S. Mesick, Michigan, Republicans; William McAleer, Pennsylvania; A. J. Hunter, Illinois; John A. Moon, Tennessee; John W. Crawford, Texas; James M. Griggs, Pennsylvania; M. A. Smith, Arizona, and H. B. Ferguson, New Mexico, Democrats.

Recent developments in the King of Arizona mine, the fabulous discovery at Camp Gleason, Yuma county, show an eighteen-foot ledge, which expert and conservative mining men estimate will average \$150 per ton, and many place the average much higher. A narrow streak two feet in width carries more than \$1000 to the ton. The wonderful reports which have been sent out regarding this discovery, and branded as sensational exaggerations, have in no wise been overdrawn. It is the greatest strike of recent years.

Try Use His Best.

Visitor—Why does your husband shut himself up in his room so, for hours at a time?
Wife—Oh, dear John. Some one said he didn't look a bit like the baby, and he's up there making faces in the looking glass. (N. Y. Press.)

STATE OF OHIO, CITY OF TOLEDO, ss. LUCAS COUNTY.

FRANK J. CHENEY makes oath that he is the senior partner of the firm of F. J. CHENEY & Co., doing business in the City of Toledo, County and State aforesaid, and that said firm will pay the sum of ONE HUNDRED DOLLARS for each and every case of CATARRH that cannot be cured by the use of HALL'S CATARRH CURE.

FRANK J. CHENEY.

Progress' Barometer.

"Hum! This town is getting more lively. Things are looking up," he remarked as the train stopped at a small town in Mississippi.

"How do you make that out?"
"See the crowd of loafers near the station?"

"They are the barometer of progress. When I used to go through here ten years ago, the whole town would loaf the livelong day at the little station. No one can appreciate what real, genuine bona-fide loafing is unless he has been in certain parts of the south. We use the word in the north, I believe, but it loses its significance when imported from the torrid climates to our northern air. Loafing means in the south too lazy to think, too lazy to speak, too lazy to stand. I say this town has progressed because you will observe that not more than half the inhabitants are loafing in the vicinity of the station."—Detroit Free Press.
